

Happy February! While we have so much fun in our classroom, we try to take advantage of every situation to learn something. We continue to work on our manners, saying please and thank you, and treating everyone with respect. Last month we introduced last names and have been working hard to learn our letter sounds...especially those we've already learned. We've also started up the bucket filler bag. We hope to get the bucket filler bag home to more people this month. Even if you don't have the bag, you can still send me a note to let us know if you catch your child doing something good!

This month brings us the letters Q, R, S & T. It will be full of hearts and friendships, art fair, fun snacks, silly socks, celebrations, and so much more!

We are counting down to our 100th day of school. Only 14 school days to go!

We will have our Valentine's Day party on February 13th. **Please encourage your child to write their own name (and their friend's name if they can!).** You can send in Valentine's any time on or before Feb. 13th. List of names is at the bottom of this newsletter.

Here's what our month looks like. Be sure to read the updates on Sundays (sent via email and posted on Facebook) for the any updates each week.
