

Happy New Year!

How is it 2026?? I hope you all had a wonderful break. We were busy traveling the east coast to Massachusetts and New Hampshire. We've eaten more cookies than I can count! I hope your kiddos got everything they asked for and are excited to come back. This month we will be learning about our winter weather and animals who enjoy the snow!

Our biggest focus this month will be starting our art fair projects. Art fair is the evening of February 20 and it is such a fun event for the school to display what we've all been working on. Our class' theme this year will be famous artists! We will be learning about VanGogh, Warhol, Mozart, Picasso, Pollock and Monet. We will be recreating and adding our own twist on some of their masterpieces.

An exciting friend will be arriving in our classroom this month as well! Our new class stuffy pet, Waddles the penguin. Each child will get a week to spend with Waddles and you can journal your adventures together. Then when he returns to school, they can present their travels and cuddles to the class.

Excited to see you soon,
Mrs. Sink and Mrs. Sims
