

Spring is here!

The flowers are growing tall, and so are the children. This is a busy month filled with exciting activities. Our caterpillars have arrived, and we'll be learning all about the life cycle of a butterfly. We'll also be tending to our garden while exploring the life cycle of a seed. Plus, we're wrapping up our alphabet—only Y and Z left!

Friday specials wrap up this month:

April 17 for soccer and yoga and April 24 for karate and dance

Registration for camp is April 15!

Book Fair begins April 15

We have an in house field trip with Mr. Andrew from Play on Music April 24!
