

It is great seeing all of the children back in school this week and they were all so excited to see each other! The rest of April is a very busy. We will be talking about the signs of spring, seeds and flowers, caterpillars and butterflies. We will also continue to do a lot of counting, working on number recognition, cutting with scissors and sequencing events. At the end of each month, we have been having the children “write” his or her name in a little booklet that will come home at the end of the year. Most of you saw this at your conference and it is so fun to see each child’s progress as the year goes on. If the weather cooperates, we will try to spend some extra time outside each day, as well. The children love to be outside with the buckets, shovels, trucks, chalk and bubbles. We hope to plant some seeds to watch in the classroom, and also some flowers in our garden box soon.

Our caterpillars arrive this month and I know the children will enjoy observing how they grow and change into butterflies. They will be recording their observations in a science journal.

Upcoming dates for your calendar:

Wednesday the 15th - Scholastic Book Fair begins in the lobby

Wednesday the 15th - Registration for camp begins. We cannot accept camp forms prior to drop-off on this day.

Friday the 17th – Last special for soccer and yoga

Wednesday the 22nd – Pink and/or purple day

Friday the 24th – Last special for dance and karate

Friday the 24th – Play On Music program

Coming up in May, we will have our Alex's Lemonade Stand on 5/8 at 11:30. More information will come home closer to the date.
