

May 7, 2023

I hope that everyone had a nice weekend. Nice to finally have some sunny days! ☀️

The class has been working on their number books. They should be completed in the next week or two. The class has been eager to complete their books!

We have enjoyed watching the various stages of our butterflies. I brought them home this weekend and I am glad I did because we already have two butterflies!!! Looking forward to showing the class in the morning. We will keep them for a few days and then we will release them outside.

We started a unit on plants last week. Talked about the parts of the plant and what a plant needs to grow. We will be planting pumpkin seeds this week which came from our classroom pumpkin from Ramsey's farm.

The book fair has arrived and is set up in the downstairs lobby. It runs from May 8th -12th. There is a teacher wish list as well!

Our Alex's Lemonade Stand will be happening on May 12th. All of the donations from this fundraiser go directly to finding a cure for childhood cancer. You will park in the upstairs parking lot and then walk down to the lemonade stand. Each class has their own stand. Your children will be serving you a glass of lemonade. Please arrive at 11:45.

The last lunch bunch for the school year is on May17th.

Information was sent home for the preschool prom on May 19th. This is a parent run event. If your child is interested in going - and you need another sign up sheet - let me know!

On May 24th we will be having an end of the year celebration for our 3 day 4's and both 5 day 4's. This is a fun end of the school year event and you're invited to come!! Our tentative start time is at 11:30. I will update you on the celebration as the day gets closer. This is also our class's last day of school!!

Time is flying by!!

Looking forward to seeing your children tomorrow!

Susan
