

Dear Parents,

January 11, 2022

As you can see from our FB posts, there is no shortage of fun and activities in the classroom. We are learning all about winter, the color blue and rectangles. Our crafts this month will focus on mittens, snowmen, snowflakes, penguins and polar bears. We are learning some cute new songs, and lots of new words!

Thank you so much for following our school rules and keeping your sick children home. I know each family is appreciative!! Please remember to send me an email or text if your child will be absent. We are working on wearing masks now. Some children are pros, and some are struggling. It's ok. We'll just keep giving it a try.

If your child is returning to Concordia in the fall, now is the time to register. Julie Moore sent an email last week with the form attached. It can also be found at our website. The 3 year old program has 2 options; 3 days or 5 days. The 3 day class meets Monday, Wednesday and Friday. Tuition for that class is \$315/month. The 5 day class tuition is \$385/month. If you have any questions, please don't hesitate to ask.

Tomorrow, it's going to be very cold. We will be staying inside. Please wear sneakers for gym and extra indoor play.

Stay warm!

Helen
