

### Classroom News

March has flown by and spring has arrived! We have gone outside looking for changes and signs of spring. We have seen lots of buds and flowers! We will keep talking about how the season will change. We also had a visit from the leprechaun in March. He made quite a mess in our room. Even though we set a trap we didn't catch him. Maybe next year. It was good talking with everyone at conferences. Thank you for meeting with me and if you have any other questions or concerns, please let me know.

### Important Dates

4/9 – summer camp registration at drop off  
4/11 – last Friday specials/lunch bunch  
4/15– Easter Egg hunt 11:30 on the playground

5/9 – Mother's Day Tea 10:30 in our room.  
5/21 – Graduation 11:15 in the chapel

### This Month

We will continue to talk about spring and what changes we will see outside. We will also be receiving our caterpillars. We will take care of them and observe them while they move through the stages to become butterflies. They will arrive after Easter break. We will have our Easter Egg hunt at 11:30 on Tuesday 4/15 on the playground. Please send in one dozen filled eggs by Monday 4/14 (so we have time to hide them). If you would like siblings to join in the egg hunt, just send in a dozen eggs for them as well and bring something to collect them in. Please help your child collect one dozen eggs at the egg hunt. Remember we are a nut free school so please make sure all items in the eggs are nut free. Some ideas are stickers, jellybeans, Skittles. We will make bags to use at school for our class for the Easter Egg hunt. We will have an Easter party on Wednesday 4/16. There will be a sign-up genius posted for items to send in. Registration for summer camp will be on Wednesday, 4/9 at drop-off. No registrations will be accepted before this date. Once camp is full, we will stop accepting registrations.

### What We Are Learning This Month

Literacy – Y and Z

Math – sorting, counting by 2's and 10's

Science – our caterpillars arrive, and we will watch them as they turn into butterflies
