

## 5 day 4's October 2026 Newsletter

### Classroom News

Everyone has adjusted well and is settling into our weekly routine. We had a very busy September. We got to know all our friends and what they like, we tasted apples and decided which one we liked the best and we talked a lot about bears. We started going through the alphabet covering the letters A and B and working on our Alphabet Journals. We came up with and went over classroom rules. They are great at cleaning up!

### Important Dates

10/9 – Trunk or Treat 5:30-7:00

10/12 – No School, Fall break

10/13 – In-house field trip Traveling Seeds with Longwood Gardens

10/15 – Original Works comes home

10/21 – Ramsey Farm field trip **NO LUNCH BUNCH**

10/26 – Original Works orders due

10/30 - Halloween Parade at 9:15 in the parking lot

10/30 – Halloween Party for class (a sign-up genius will be posted) **NO LUNCH BUNCH/FRIDAY SPECIALS**

### This Month

The month of October brings the falling leaves and chilly weather. We will be talking about the changing season and what changes we will be seeing outside and why. We will go camping in the parking lot for C week and make S'mores. We will also be talking about Community Helpers, we will make flubber and of course we will be talking about Halloween. I will send home information about the Halloween parade and party as we get closer to the date. We will also travel to Ramsey Farms this month to visit a pumpkin patch and pick our very own pumpkins. Parents can drop their child off to us at Ramsey Farms at 9:00 and pick them back up at Ramsey Farms at 11:15. We will be sending home permission slips soon. We will be sending home Original Works in October. The children will make a picture and you are able to order it on various mediums (tiles, mugs, magnets) etc. I actually still have the pillowcases I ordered for my children when they were students here. They loved having their drawings on their pillows! If you do not wish to purchase any items, you can keep the painting we send home. We planted our peas and lettuce, and we have been watching to see how it is growing. We will have game day during G week. We will join the Readiness class in the big room for a board game party.

### What We Are Learning This Month

Reading: There are parts to a book: author, title and illustrator.

Math: Patterning (fun fall erasers or shapes), Counting, (pumpkin seeds, calendar, days in school), Shapes (drawing angel lines) and Measuring

Language: Good communication skills, talking with our friends in an inside voice and using our words.

Writing: Names, letters (C, D, E, F) Working on our alphabet journals.

Science: learning about the lifecycle of a pumpkin and visiting the pumpkin patch, making flubber.
