

February 2026

It's finally February! We are having a blast working our way through all of the artists. Your kiddos absolutely love doing art and are always begging to come paint with us. It's so fun to see how excited they are.

This month we will continue our artist series with Jackson Pollock, Claude Monet, and Michaelangelo! We will also be talking about love! Who do we love, what do we love, what is a valentine? We will have a special art table setup where they can work on their own valentines, so I'm excited to see what they create! We will have a little celebration on February 13th and the children can hand out their valentines from home.

Our art fair is coming up! The evening of February 20 6-7:30, we all will meet in the big room downstairs to see all the amazing creations our kiddos have made throughout the school. You are welcome to bring your kiddo, siblings, and other family members, so your child can show you around and maybe see some friends! There will be a bake sale provided by the teachers to help support the school.

Thanks,  
Mrs. Sink & Mrs. Sims
